

REMARKS

Claims 1-16 and 18-23 are pending in the application. Claims 17 and 24 have been cancelled. The claims have been amended herein to more closely conform with U.S. practice and reduce multiple dependencies. An abstract, substantially identical to the abstract in the international application, has been inserted into the specification. No new matter has been added.

Entry of the amendment and an early action on the merits is requested.

Respectfully submitted,

COLIN JAMES WILDE *et al.*
